WHAT'S IN STYLE

By RUBY M. ALEXANDER

What are buyers buying these days? You may be surprised to discover that log houses are coming back. In 1983 between 20,000 and 30,000 of these structures were built, and some manufacturers believe output will increase 10 times by 1990, so that 10 percent of all new houses built will be of logs.

Ranch houses, split levels, even the old-fashioned Colonials have had a heyday. Truth is, they all sell. Any house that looks as if it will hold a family comfortably has got a ready buyer if it's priced right and sold right.

That's where we come in. We've got the real estate marketing experience to know where to set a realistic selling price, how to write the ad that will attract prospective buyers, how to qualify the buyers who are right for a particular piece of property—and then lead them to buy.

The process isn't as easy as we make it look. That's why 9 out of 10 homeowners who try to sell their homes themselves give up and call in an expert.

Save yourself the hassle. Call in an expert now. List with Alexander Realty.

HARRIS FUNERAL HOME

KINGS MOUNTAIN, N.C.

Dear friends,
The traditional funeral service arose from deep emotional needs of the bereaved family and friends. It aids in the healthy grieving process that enables the survivors to adjust to an altered reality. Feelings of guilt, like those of anger, are normal in grief and the bereaved must be helped to overcome them for mental health.

Respectfully,
Ollie Harris
