Sir,
 I have had siding put on my house by the Warren Brothers and Roger Rope. They did such a wonderful job, that I would recommend them to all my neighbors or anyone else who asked me, who did the siding job. They were such a pleasure to work with. Anything I asked them to do, they did, with never a negative reply. Some people come to the job unhappy, not these men, they did their job very well, and I am very pleased with their work. If I had another house to do in the near future, that needed siding, I would request the Warren Brothers and Roger Rope.

Sincerely,
 Charles F. Plosky

This letter of commendation is for Doug and his crew -Gene and Ernie - for the work performed on my house during the week of July 8, 1985.

The crew was friendly, courteous, and cooperative. Their painstaking attitude, patience and pride is grossly evident in the quality of work they did.
