### Commercial Shearing Directors Elected

At their annual meeting today, shareholders of Commercial Shearing, Inc. re-elected 4 incumbent directors - Messrs. Paul J. Powers, Thomas J. Travers, Don E. Tucker and Robert E. Williams.

They also ratified the selection of Ernst & Whinney as independent public auditors for the fiscal year ending October 31, 1986. A proposal to (1) increase the amount of authorized common stock

from 15,000,000 to 30,000,000 shares and (2) to authorize 10,000,000 shares of a new class of Preferred Stock which would be available for insurance by the Board of Directors, failed to receive the required 2/3's vote of total outstanding shares required for passage.

John Nelson, Chairman of Commercial, commented that he "believed shareholders had no problem with the authorization of ad-

ditional common stock, but that authority to issue preferred was something new for Commercial." Nelson noted that "the proposal was not very well explained or understood," adding "we'll try harder to do a better job next time."

At the organization meeting of the Board of Directors Hans W. Lange, President of the Cuno subsidiary, was elected Vice President of Commercial Shearing, Inc.
