He said the kiosk, the present drive-in window, would be eliminated with the new construction.

The expansion will give First Union 30 feet access from the street back and expand the parking spaces from 22 to 44.

First Union acquired the property "all the way back to the City of Kings Mountain alley and bought portion of the lot that attorney Mickey Corry had bought from the City of Kings Mountain to build his modern law offices," said Young.

### Letter

#### Thanks To Parents

To The Editor:

Please allow me to use your column to publicly express my appreciation to two very special parents - Dale and Diane Hollifield.

Our teams have played over 50 games throughout this season. These games have taken us to Charlotte, Greensboro, Concord, Thomasville, Columbia and as far away as Tennessee. No matter whether we were playing in the Central School gym or in one of these cities Mr. and Mrs. Hollifield were there. They were always willing to do whatever was needed to make the guys feel good about themselves - win or lose!

Their loyalty and dedication has meant a great deal not only to the teams but to me personally. All of us here at the Kings Mountain Boys' Club say thanks to the Hollifields for everything they have done.

Sincerely,  
Danny McDowell  
Director  
Kings Mountain Boys' Club

### LEGAL NOTICES

#### PUBLIC NOTICE

The City of Kings Mountain, in regular session at 7:30 P.M. on June 10, 1986 adopted the following amendment to Section 10 Chapter 5 of the Kings Mountain Zoning Ordinance.

Sec. 10-5. Removal of weeds by the city.

In the event that the owner, lessee or occupant of any premises upon which noxious animal or vegetable matter has accumulated or grown or weeds have grown or are growing in violation of this chapter, does not abate the same within ten (10) days after notification, or refuses to obey or abide by any notice from the city to have same abated, the city may, through its proper officers, enter such premises and remove such matter or weeds. The cost of such removal by the city shall be charged and assessed against the owner of such premises in the same manner and shall have the same force as a tax lien against the premises. (Res. of 6-26-78).

Re-written to read as follows:  
Sec. 10-5. Removal of weeds by the city.

(a) If the owner, occupant or tenant of any premises shall fail to remove such weeds, trash, garbage, grass or other objects that cause such land to be nuisance on the city within three (3) working days of notification, the city shall have the authority to enter onto such land and clean the same; and to charge the cost or expense of such action plus administrative cost against the owner, occupant and/or tenant. In the event, such charge or expense shall be and constitute a lien against such property, which lien may be collected in the same manner as the collection of a tax lien.

afternoon. Hoke Electric Co. is the electrical contractor.

The expansion adds 100 feet across the front on N. Battleground, said Young. Building of islands in the parking lot will enhance the property and Young said plans are to beautify the area with trees and shrubbery and to landscape banks along Battleground Avenue. The new construction is designed for easy entrance and exit, said Young.

The present First Union building was constructed in 1968. Before that time, First Union occupied the old bank building at the corner of Mountain and Battleground for many years. "First Union wants to stay downtown and this was the reason banking officials and directors took this route instead of relocation and building another office," he said. Young said that the West Gate Plaza drive-in window service was begun some years ago to help cut down the heavy traffic flow into the main office but that with opening of the addition that the West Gate branch office will be closed and three employees, will be absorbed into the main office staff downtown. The West Gate drive-in facility is not a full service bank, said Young. First Union will continue to offer to customers the automated teller machine for 24 hours service in the West Gate Plaza location.

Young said the entire parking area will be repaved up to the curbing of the adjoining properties of Attorney Corry and Hoke Electric Co.
