WEDNESDAY, OCTOBER 21, 1987

KINGS MOUNTAIN, NORTH CAROLINA

## Holcomb Football Winner

First-time contestant Barbara Holcomb of Route 6, Kings Mountain, picked 18 of 20 winners to take the \$100 prize in last week's Herald football contest.

Ms. Holcomb edged three other contestants by coming closer to the tie-breaking total of 27 points scored in Clemson's 17-10 win over Duke.

Ms. Holcomb guessed 37 points on the tie-breaker. Others missing just two games but coming up shy on the tie-breaker were Sidney Bridges of Route 3, Kings Mountain, Tom Ledford of Shelby, and Dot Goforth of Kings Mountain.

"I guessed at all of them," said Ms. Holcomb. "I never keep up with any of the teams. It's the first time I've ever entered. I guess I'll enter again."

The winner misfired only on the N.C. State loss to Carolina and Gardner-Webb's win over Catawba. Bridges and Mrs. Goforth both missed the R-S Central-Kings Mountain and Maryland-Wake Forest games, and Ledford missed the Alabama-Tennessee and Maryland-Wake games.

The eighth of 10 weekly contests is inside today's paper. Persons entering should read the rules carefully before filling out the contest, and it must be in our hands before 4 p.m. Friday. Bring the entry to the Herald office on Canterbury Road or mail it to Football Contest, P.O. Box 769, Kings Mountain, N.C. 28086.

All persons who enter the football contest would be wise to read the column appearing on page 2-A of today's paper.

TAMMY HUTCHINS

## Tammy Hutchins Named KMHS Carrousel Princess

Tammy Kay Hutchins, senior student at Kings Mountain Senior High School, will represent the city as Carolinas Carrousel Princess.

Miss Hutchins is the daughter of Mr. and Mrs. Johnny Hutchins of Route 4. She will be sponsored in the

Thanksgiving Day Carrousel parade in Charlotte and other events leading up to the parade by Lithco Corporation.

She is also one of five seniors nominated for Homecoming Queen and is sponsored by Letterman's Club on campus.

# United Fund 75% Toward \$110,000 Goal

Kings Mountain United Fund volunteers are hoping to wrap up the 1987 campaign for \$110,000 at Friday's report meeting from 5-5:30 p.m. at the Board of Director's room, Second floor of the First Union Bank.

Campaign Chairman Bill Davis said he is optimistic that the goal can be surpassed.

Due to the fact that many area citizens, businesses and all industries have already responded to the United Way slogan, "Because We Care", the 1988 Kings Mountain United Way Campaign is about 75% complete.

"However, the most difficult part of the task is always the last 25%. We believe that there are still many individuals in our community who intend to support the local United Way Campaign who may not be aware that the time for making the annual pledge is getting late," said United Way President Ted Kostek.

"The Kings Mountain United Way has for years been involved with area citizens in taking care of many of the community needs. This has always been a total volunteer effort with no paid employees. The administrative cost of the local program runs around 2.5% of the budget," he said.

"Programs which are funded by the United Way serve all. These are services that could be needed at any moment, in saving a life, providing temporary shelter for

critical organizations and agencies are funded by the Kings Mountain United Way. They depend on us," continued Kostek.

"Neighboring communities are in the process of completing campaigns which serve their community needs. Our community is a proud one. Lets do our share. If you haven't made your pledge for the 1988 United Way Campaign won't you do so soon," he said.

an abused child or any of a variety of other important community services. Fifteen

## Moore's Zoning Request To Go To Board Again

A zoning request from Rick Moore, owner of Ole Country Store, recently satellite annexed by the city, will appear for the second time on the agenda of the KM Planning and Zoning Board.

Wilson Griffin, chairman, said the board will consider the request at the Thursday, Oct. 29, meeting at 8 p.m. at City Hall.

Moore's request for general business zoning was denied by the zoning board, returned to the city board of commissioners last Tuesday, and returned again by the city commissioners to the Zoning Board after Moore appeared before the city board of commissioners and said he would remove a mobile home which now sits in the middle of his property on Cherryville Road. The Zoning Board

members had pointed out at a recent meeting that a mobile home cannot be located on the property if zoned to general business. Moore told the board that he had been given nine months to remove the mobile home but Chairman Griffin said the Moore property does not qualify for easement from the Board of Adjustors and the Board can not give a specific time for removal of the mobile home. "We pointed out some of the problems to Mr. Moore as we do with all those property owners who appear before this board," he said.

At the Oct. 29 meeting the Zoning Board will also review second phase of the proposed Robert E. Lee Subdivision to be located on U.S. 74 West behind Mountain View Farms.

# School Break-Ins Result In \$5,000 Loss

A rash of break-ins at East, North and Central Schools resulted in property damage and theft of over \$5,000 worth of computers and equipment, police reported.

Vandals broke a window on the north side of the mobile classroom at East School Monday morning and took a TRS 80 computer valued at \$1500, entered the cafeteria at North School and took a Funai microwave oven valued at \$250, a tape player and briefcase; and broke into three mobile classrooms at

Central School and took an assortment of computers and supplies valued at more than \$3350, including a TRS 80 computer, planner and disc drive, Dukane film strip projector, two tackmatics, vocabulary type projector, panasonic cassette recorder, film strips and miscellaneous items from classrooms.

Other complaints made to Kings Mountain Police Department included the following:

Michael Edward Burns, Route 6, reported theft of a

license plate from the front of his car and eyeglasses from the interior, valued at \$180. The car was parked at Kings Mountain Knit.

Charlene Kay Moss, of Deal St., reported that damages of \$500 were done to her parked vehicle.

Angie Patterson, 302 Fulton St. and Michael Smith, 311 Scotland Dr., reported thefts of bicycles.

Lula Falls, 500 May St., reported theft of an antique wash tub.

Shanna McAbee, 825 Se-

cond St., reported that vandals knocked out the window of her car doing \$200 damage.

Frances Armstrong, 317 Wilson Terrace, said someone cut the tires and let the air out of the tires on her car parked in front of her apartment.

Glenda Jimison, No. 90 Pine Manor Apts., reported that someone damaged her car and took \$11 in cash after breaking the windows to gain entrance.

An unknown motorist pumped \$3.66 worth of

gasoline at The Pantry on King Street and left without paying for it.

Robert Bullocks, 126 W. Mountain St., reported larceny of a VCR from his apartment.

Donna Johnson, of 116 Cloninger St., reported to KMPD that she was assaulted by a white male on her front porch. A warrant was being drawn, police said.

Kings Mountain Police arrested four people during the

NASSAU GROUPE—Underwater photographer Dewey Bookout of Kings Mountain shot this photograph of a Nassau

Grouper in the Caribbean Sea off Grand Cabyn in British West Indies.

# A Hard-To-Get Hobby

By ELIZABETH STEWART  
News Editor

Underwater photography is a hobby that Kings Mountain's Dewey Bookout enjoys about two weeks every year on vacation.

Some of his colorful pictures of long-spine squirrel fish, Christmas tree worms, and angel fish have been framed and are part of a collection of Bookout and Kevin Russell that decorate the new Cary's Seafood Restaurant and Steak House which opened on King Street Tuesday.

A certified scuba diver, Bookout, got hooked on diving about seven years ago and about four years ago became comfortable with the diving hobby and took a course in underwater photography.

The secret of his success is patience. "You have to wait for the fish to swim by and you have to be quiet. Any kind of distraction and off the fish will go and you'll get a picture of only their tails," he says.

On each dive Bookout spends from an hour to 90 minutes in a 40-50 feet shallow reef waiting for fish to capture on film. And he has done just that, his hardest-to-get

DIVING FOR PICTURES—Dewey Bookout, above, in diving gear, snaps a picture of a Christmas tree worm while on a diving expedition in British West Indies on a vacation trip.
