There's a better way to save.

When you put your hard earned money in a mattress, all it does is sleep. What you want is to put it to work for you, earning interest, and that's where our many savings plans, money market accounts, IRAs and CDs come in. They're all high interest-earners

and each offers the added protection of being insured by the government for up to \$100,000. (That's something your mattress won't do.) We have savings plans that will fit your needs and budget and we'll be glad to tell you about them. Stop in anytime.
