### MOUNTAIN VIDEO

Heralding their store as the largest video rental business in Kings Mountain, Dennis and Ree Byrd have settled well into their South Battleground Avenue location. It was the success of Mountain Video, the first video rental establishment in the City, that prompted some real estate hopping over the past five years. First on West Mountain Street, then in our beloved HERALD log cabin, there never seemed to be enough space to hold all the movies that Kings Mountain wanted to see. Downtown has, at last, proven to be the perfect spot.

Mountain Video owes its continued success, in a field of growing competition, to the large variety of titles they carry; over 1,400 and growing. Even more importantly, Dennis stresses the availability of multiple copies of new and popular releases. This way his customers don't have to wait on a list to see the latest Rambo movie ('No. 24 - Rambo Nukes Shelby?'). In fact, you don't even need a VCR to watch a movie from Mountain Video. VCRs can be rented any time you get that video urge.

Its a full service shop that stocks blank video and audio tape, as well as Nintendo Video Game sets and game cartridges. Dennis also stands ready to service your machine should it get hungry & eat up a tape. And when the time comes to buy a VCR, consider a new RCA machine from Mountain Video's stock. You can't imagine a video store having much more than all of this.

You can visit Ree, Dennis, or their assistant Lee Ann Wilson Monday thru Saturday 11 a.m. to 8 p.m. There is no membership fee required to begin renting tapes at Mountain Video, and on Tuesday & Wednesday there's "rent one and get another rental tape free" --- how can you beat that?
