FACTORY MATTRESS SALES

Max Rainwater knows mattresses. For as long as he can remember his father has been in the furniture business. The showroom was his playground, living room and his business classroom. It seemed only natural that one day he should strike out on his own and open up a store. Fortunately for Kings Mountain, that store is located on South Battleground Avenue in our Downtown.

Factory Mattress Sales has been doing business now for a year and a half, and Max is happy with the way things have been going in Kings Mountain. In fact, things have been going so well that Max has purchased the old Belks building where his store is located. He sees Downtown as a good investment in the future of our City. A future that, with a little work, can make Kings Mountain a better and even more prosperous place to live and work.

Max offers an extensive stock of the highest quality mattresses made by Sealy and other national brands. And he sells them at the lowest prices possible. He stresses that these are the very same products that other stores carry, but - with a noticeable difference in price. So, how can he charge less? Because he keeps expenses down. He runs the store by himself and watches his costs very closely. He buys his stock in bulk with his father and brother for the very best prices. Max's store may not be glamorous, but the money you save can let you sleep a whole lot better!

Factory Mattress Sales also offers bedroom furniture, and waterbeds will be arriving soon. By the piece or as a suite, you can charge or finance your purchase and delivery is always free. As an added convenience to Senior Citizens, Max will remove the old bedding at no charge.

Whether its a mattress you need or a complete bedroom package, Max will be happy to show you his selection, explain warranties and answer all your questions. He's here to stay and he stakes his reputation on every sale at Factory Mattress Sales.
