be in laymen's language", said board member Fred Finger.

Included in the new electric policy will be a design specifications handbook for developers being prepared by the city staff headed by City Engineer Tom Fields. An underground distribution installation plan for residential, commercial and industrial customers is included in the new electric policy to correspond with Duke Power.

"We need a clear cut policy that John Doe Public can understand," said Chairman Moretz. City Manager George Wood said the electric policy should also be spelled out in the codes book.

Shall the city furnish street lights in the city limits? How does a resident obtain security lights and what do they cost? These are some of the questions the new policy will address and clarify, according to Moretz.

The Committee referred to the KM Lake Authority for their recommendation on five requests from fishermen for rebates/discounts of fishing and boating licenses due to Moss Lake dam repairs. Lake Officer Phil Witherspoon brought the request to

Benefit Helps Cancer Victim

A recent benefit for cancer patient Brenda McDaniel Caldwell by the Bethware Progressive Club raised more than \$2,000 which has been presented by the club to Mrs. Caldwell to assist her in expenses of her recent trip to Greece for cancer treatments.

Brenda Fowler of Harrisburg, N. C. won the \$50 gift certificate from Walmart which was presented by the Bethware Progressive Club at its Monday night meeting.

Fred Tate drew the winning ticket. The drawing was conducted by Jerry Crotts, club president.

Kay Beason, sister of Mrs. McDaniel, opened the fund drive at First Union National Bank's Cleveland Mall branch recently.

Progressive Club President said the club will continue the fund drive and said those wishing to make a donation may forward their contributions to the Bethware Progressive Club, in care of First Union National Bank, Kings Mountain 28086. Those donating should mark on the check that the donation is for the Caldwell special fund.

AARON BROOKS

Aaron Brooks Is One Year Old

Aaron Michelle Brooks celebrated her first birthday, March 1.

Saturday, March 4, Aaron was honored with a birthday party, attended by friends and family.

Aaron is the daughter of Nicole Brooks of Kings Mountain, granddaughter of Becky Greene and Max Brooks, and the great-granddaughter of Mr. and Mrs. Norman Davis.

Flat Nose Will Be On 'Tonight'

Barney Odom and Flat Nose, the latter a tree-climbing dog, will be on several television shows in the near future.

David Godbold of Kings Mountain is manager of the now world-famous Flat Nose.

Barney Odom, the dog's owner from Darlington, S.C., and Flat Nose were in Kings Mountain several months ago to perform for local leukemia patient Sarah Richards of Woodbridge.

Since then, their fame has spread world-wide. They are in California now shooting commercials for Chuck Wagon dog food, and they will be joined in California next week by Godbold and the trio will be on Johnny Carson's Tonight Show next Wednesday. Flat Nose will be wearing a shirt painted by Tonya Wilson of Kings Mountain, who works for Godbold at Elizabeth Weaving in Grover.

Today, Thursday and Friday, Barney and Flat Nose will tape shows for the Smother's Brothers, to be aired at a later date.

CARD OF THANKS

The family of Hugh W. Yates expresses its appreciation to its friends, neighbors and relatives for the kindness shown during our recent loss.

the Utilities committee. Witherspoon reported that for the season May 1988 through April 1989 the city sold 1300 annual fishing permits for \$12, 870., approximately 1100 annual boat permits for \$27,000 with another 500 issued to family plan holders.

Witherspoon said the water level at Moss Lake was dropped to three feet in August and another three feet starting in September.

Seventy-five to 80 percent of boating occurs from April through Labor Day.

The majority of fishing is done between March 15 and June 1. He said there is a good bit of night fishing during summer months.

The Fall fishing was greatly reduced last year because of difficulty launching boats with the water down but fishermen fished anyway, he said. The dry summers the last two years also caused the water level to drop enough to cause problems for some boat owners but with the boat ramps extended this winter should help in the future, he

Carrie Cable Born Aug. 17

Carrie Louise Cable, now six months old, was born to Tammy and Jimmy Cable on August 17 in Gaston Memorial Hospital. At birth she weighed six pounds, three ounces. She now weighs 16 pounds, one ounce.

Carrie is the granddaughter of Glenn and Jean Cable of Gastonia, Tommy and Jo Dye of Gaffney, S.C. and Mrs. Marie Porter of Shelby. She is great-granddaughter of Willie and Arrie Cable of Kings Mountain.

Carrie's father works for Anso in Kings Mountain and her mother works for Griffin Drug Store.

Gregory Sinclair Is One Year Old

Gregory Allan Sinclair, son of Mr. and Mrs. Robert Sinclair of Gastonia, celebrated his first birthday Feb. 26.

Gregory was honored at a birthday party on Saturday, Feb. 25, at the home of his grandparents, Rev. and Mrs. Allan Sinclair.

Present for the party, in addition to family members, were Frank and Dana Skidmore and son, Matthew; James and Janet Teek and daughter, Jamie; Todd Hice and son, Teddy, all of Gastonia; Jodi Stewart, Debbie Stewart and son, Seth Bradley, all of Kings Mountain.

said. Fees have remained the same since the lake filled up in 1974 but increased use of the lake has helped income keep up with expenses, he reported. Witherspoon told the commission that refunds would only necessitate increased fees in the near future.

"Many people realize that our fees are less than many city water reservoirs now and others have not been anywhere else. We are getting people from other recreation areas that come here to get away from the drinking and reckless operation of many boaters," he said.

Although several people asked about refunds, Witherspoon said only five people had formally requested a partial refund.

Members of the Lake Authority are Paul Ledford and M. C. Pruette. The city council is expected to name five new members to replace those whose five year terms on the board have expired. The Authority is composed of inside-city residents who set lake fees and rates.

ANDREW BUNCH Grover Water Rate Changes

Grover water customers will begin paying \$1 per 1,000 gallons for over 7,000 gallons of water, the Town Board voted Monday night.

There is no increase in the first 7,000 gallons of water a customer uses.

The rates are: first 3,000 gallons \$4 minimum; next 2,000 gallons \$1.20 per 1,000 gallons; next 2,000 gallons is billed out at \$1.10 per 1,000.

The change in water rates was the only action of the board which recessed its meeting after an executive session until Wednesday, March 15, when the board will meet with consulting engineer John Edwards of Raleigh to tie up loose ends on the Grover sewer project. Mayor Bill McCarter said "everything is about complete as far as the sewer project is concerned but we want to meet with our engineer just to tie up any loose ends."

The board discussed but did not name a replacement on the board to succeed the late Grady Ross. Terms of Ross, Donald Rich and Jim Howell expire in November.
