**HEALTH VIEWS**

RAGAN HARPER

**"Bone Bank" deposits**

Calcium is essential for brain and heart function, blood clotting and cell division. If there's not enough in our diets, our bodies withdraw calcium from our 'bone banks'. This may result in osteoporosis.

This crippling disease can make bones so weak that a minor fall or friendly hug can break them. Adding extra calcium to your diet once bone depletion has occurred can protect what's left, but it won't restore bone that has already been lost.

To "bone up" on answers about calcium-rich diets and supplements, pick up a FREE BROCHURE at our Rx counter. We're here for your good health.

**HUGGY AND FRIEND**-Pat St. Charles, right, introduces "Huggy" to Kings Mountain parents who may want to take their children to CAPS Cartoon Corner at Cleveland Mall on Saturdays from 1 until 5 p.m. to visit with Huggy for cartoons and games. St. Charles said the service is donated by volunteers of Child Abuse Prevention Service to parents up to two hours while they attend to shopping duties. Parents are expected to make a donation of \$1 per hour to defray costs of materials. St. Charles said the service is for ages 4-11. Kids adore Huggy, says St. Charles. "Huggy" is CAPS worker Carole Allen.
