STABILITY You Can Depend on it.

Man can build skyscrapers and miles of highways - even go to the moon. But he can't create a tree.

A tree withstands the summer heat and the cold of winter. How many windstorms have buffeted it? How many times has its leaves in autumn, only to be reborn the following spring?

A tree like this has much in common with the churches and synagogues of our nation. They, too, have endured countless storms and stood the test of time. And like a giant tree, their roots go deep.

Stability - you can depend on it.
