AARP To Meet At KM Depot Center

The Kings Mountain Chapel of AARP will meet Tues., Feb. 20 at 3 p.m. at the Kings Mountain Depot Center. In case of bad weather the meeting will be held on Tues., Feb. 27.

Board of directors meetings will be held at 2 p.m. on the same day as regular meetings throughout this year.

Volunteers are needed to take senior citizens to out of town doctors. Any members interested in volunteering may call the Senior Center at 734-0447.

Thirty-eight people have joined AARP this year. Membership is only \$2 per year.

An income tax assistance team will be at the Senior Center from 2-4 p.m. Feb. 27, March 15, March 27 and April 10 to help senior citizens with their tax filing. Call the Center at 734-0047 for more information.

Zita Roberts, a nutritionist, will be in charge of this month's program. Program chairperson is Jeannette Surratt.

HEALTH VIEWS

RAGAN HARPER

Drugs and lab tests

If you're scheduled to have any clinical laboratory tests done, know that the use of even some common medications could affect the test results.

For example, excess use of laxatives can affect tests to determine calcium or bone metabolism. Penicillin use can cause false readings of protein in the urine, a sign of kidney disease. And it may be surprising, but even large doses of vitamin C can produce false results in a urinary glucose test for diabetes.

Medical help is our business, so don't hesitate to ask questions. We're here for your health!
