## Celebrating Central School

Bob McRae, left, Cindi Wood admire drawing...

Hundreds of former students and teachers came back to Central School Saturday for the "Celebrate Central Day."

They enjoyed the unveiling of a pen and ink drawing of the school, displays of old photographs, cheerleader uniforms and yearbooks, and a program in the auditorium which reviewed some of the exciting memories of the institution.

The photos on this page show just a few of the happy moments experienced by everyone who attended.

For stories on the celebration, see page 4-A.
