Presenting The Regency Series
A Great New Concept

THE DARTMOUTH - 2,214 Sq. Ft. Including Garage

Our designers have developed a concept we truly believe you will want to see. We call it the Regency Series, an obviously different and beautiful line of homes both inside and out.

At present, there are six models. Most feature three bedrooms but some have two bedrooms plus a den. All have two baths. One features a two-car garage and another has a special loft on the second level.

Sweeping cathedral ceilings in some models create wide-open spaciousness. In most, overhead shelves are provided for your plants and collectibles.

No Down Payment, 10% A.P.R. Fixed Rate, Instant Home Financing, No Points, No Closing Costs

BUILT ON YOUR PROPERTY Thanks to our unique "option" program, we can build right on your property for far less than you'd expect to pay. We'll build to any of three levels of completion: 90% complete; the shell with inside materials furnished for you or your sub-contractor to install; or the shell (unfinished inside with finished exterior). Our workmen can install heating and air conditioning, plumbing, electrical wiring, trim, wallboard. Even a range, dishwasher and garbage disposer can be included in your purchase price. Or you can "do-it-yourself" and pocket big savings.

As the nation's largest on-your-lot home builder, we offer qualified property owners instant, fixed-rate mortgage financing.

Our sales representatives will help you figure just how little a brand new Regency Series Home will cost. And, tell you exactly what your monthly payment will be.

Come home to a new home from the Regency Series, by Jim Walter Homes.

Since 1946, Jim Walter has been making the great American dream come true. Let us tell you more. Call toll-free or visit one of our model home centers.
