THE LITTLE TURKEY

Once there was a little turkey named Gobble. He like to eat apple pie and corn. Gobble played with a brown turkey in the barn yard. He played with other turkeys too.

On Thanksgiving Day Gobble was eaten for dinner.

THE FIRST THANKSGIVING

The Pilgrims came to America. They had a ship called the Mayflower. They came from Spain to America. The Indians helped them plant corn and oats. They made houses, and the Indians planted the crop. The Indians helped them a lot.

THE FIRST THANKSGIVING

There were these people called pil-

grims. They were held in England. They were held by the king of England. He was mean. He let them go. They went on a ship called the May Flower. They had heard about a new world called America. So they went there. They had to build homes there. They were poor. They had met this Indian named Squanto. He taught them how to grow corn and make gardens. After all of that, they had a feast called Thanksgiving. They invited their friends the Indians. That was the first Thanksgiving.
Ryan McCain

THE FIRST THANKSGIVING

The pilgrims came to America on a long ship called the May Flower. The pilgrims landed in America in 1620. The Indians helped them grow corn and oats. They made forks out of wood. They also made knives out of wood too. It took them a long time to make that pie and all of that food and stuff. They had shunt for the turkey. They put some stuffing in it.
Avery S. Bess

"THE THANKSGIVING DAY"

A long time ago there were pilgrims and Indians. In 1620 they discovered America. When they got to America they had no crops. One day the Indians came over and helped them. They grew corn, beans, tomatoes, and squash. They hunted for turkeys. They celebrated, and they cooked turkey, pie, corn, stuffing.

A THANKSGIVING WITHOUT MY BROTHER

My brother is in the Navy and will not be home for Thanksgiving. His ship is touring England, Belgium, Netherlands, Germany and Scotland. We are thankful that the U.S.S. King is not in the Arabian Sea.

We will have a quiet dinner with turkey and dressing and plenty of vegetables. We will talk about the good things we have and our friends and family. We will pray for my brother's safe home coming at Christmas.
Lisa M. Bishop

THE BROWN TURKEY

One day at the farm we saw a turkey in the road. So we went to get the turkey. We named the turkey Tom, but one day he was gone. The next day we found Tom the turkey. He was at my brother's house eating oats out of a bucket. I went to see Tom. Everybody wanted to see him. Then we celebrated Thanksgiving over my sister's house. It was a feast with a pie and another big turkey. Then we had some tea.

THE HAPPY THANKSGIVING

Once when I was six years old,

Thanksgiving came. We had a turkey. It was brown. When my mother and my grandmother cooked the turkey, I was wanting to eat it. When it was time to eat, the flavor was good. The liquid

was dripping. It was fat. It had oats in and on it. We had corn. The food was good. The smell was good too! We had pie. We thought the pie was good, but it was burned!

Lonely Phone?

If the phone is nearly a forgotten appliance in your home or business, Southern Bell has a plan that could save you money on your local telephone service.

Introducing the Community Circle Calling Plan, with four service options for Lattimore and Lawndale customers.* No matter how you use your phone, we can help you save money. For example, if you rarely make outgoing calls during the day, but receive lots of calls, you could save up to 50% on your monthly local service charge.

Watch your mail in early December for details. Meanwhile, be thinking about when, where and how often you call, so you can choose the plan that fits you best. Your phone may still be lonely, but you'll love how much it can save you.

For more information call 1 800 331 BELL.

Southern Bell®

A BELL SOUTH COMPANY

*The Community Circle Plan is now available to Southern Bell customers in the Lattimore, Lawndale, Caroleen, Cherryville and Ellenboro telephone exchanges.
