BLANTON

Rick McDaniel, Frank Gordon, Jonie Blanton and Greg Smith, directors from the squad; and Bob Myers, Ruby Alexander, Bill Cashion, Johnny Hutchins and Odus Smith, directors from the public.

**CORRECTION**

Due to incorrect information supplied by the Kings Mountain United Fund, it was stated in an article in last week's Herald that the Kings Mountain Rescue Squad is first in the county and second in the state. It should have said that Kings Mountain Rescue Squad was the first rescue squad chartered in the county and the second rescue squad chartered in the state.

**Caution with child's Rx**

Recent studies show that millions of kids face extra days or weeks of illness because of not taking enough medicine, taking too much, or quitting too soon. In a few cases, mild conditions turn dangerous.

Always ask the child's doctor or your pharmacist how much medicine the child should take, when to give it, and for how long. Also ask if there are any special precautions to take while using the medicine.

For more information, write for: "Parents Guide to Medicine Use by Children." Send a business-size SASE to NCPIC/Parents Guide, Dept. BH, 666 11th St., NW, No. 810, Washington, DC 20001.

**HEART ATTACKS**

**A 30-minute video designed to help you recognize heart attack symptoms.**

Every year, more than one million Americans have heart attacks... one third of these men and women die as a result.

But it doesn't have to be that way. More people would survive heart attacks if they knew how to recognize the warning signs or had called for help sooner.

The Carolinas Heart Emergency Network is pleased to offer "How To Beat Heart Attacks"- a 30-minute health information video that teaches individuals how to recognize the symptoms of a heart attack.

The video also provides the viewer with an important quiz to help evaluate his or her risk of having a heart attack. And most importantly, the video shows how many people have begun to win the battle against heart disease.

To receive a copy of this important video, and a copy of the quiz, please contact the network hospital in your area.
