

MAP DETAILING MAJORITY MINORITY AREAS IN PROPOSED REDISTRICTING PROCESS-This map details the city blocks necessary to create a majority minority ward which the redistricting committee is looking at in drawing new required voter lines. The straight dark line contains those blocks necessary to create a majority minority ward as one of six wards; the straight and dotted line contains those blocks necessary for one of five wards;

and the straight, dotted and shaded outlined area contains those blocks necessary to create a majority minority ward as one of four wards. The Redistricting committee, headed by Elections Board Chairman Becky Cook, is leaning toward the three options, as outlined in the map, and will conduct a public hearing April 11 at 7:30 p.m. at City Hall to get input from the public. See front page story for more details.
