Gaston Day scores high

GASTONIA-Students at Gaston Day School scored in the top 20 percent in the nation among students taking the 1991 California Achievement Test (CAT).

The CAT is a standardized test used across the nation to measure student achievement and progress. The test is administered annually to all third, sixth and eighth graders.

The average score of Gaston Day's third graders was in the 93 percentile. Sixth graders averaged 83, and eighth graders averaged 92.

Both the sixth and the eighth grade average scores showed increases over 1990 test scores, from 76 to 83 for sixth graders and from 88 to 92 for eighth. The third grade average dropped slightly from 96 to 93.

Headmaster Philip Brady attributes the students' high scores to small classes, an accelerated curriculum and strong parental and faculty support.

"The CAT results verify our commitment to the pursuit of excellence in education which has been the mission of the school since it was started in 1967," said Brady.

Gaston Day is an independent school offering a college preparatory curriculum for students in pre-kindergarten through grade twelve. CAT results show Gaston Day above the average of other non-public schools in North Carolina.

Rezoning on agenda

Two rezoning requests from the City of Kings Mountain are on the agenda for Thursday night's Planning & Zoning Board meeting at 7:30 p.m. at city hall.

The city wants to rezone a cul de sac off Ellis Street in an area of single family homes from R-6 to R-10 and property off McGinnis Street from R-20 to GB on land abutting the Public Works Plant for development of the city's waste transfer site.
