## They're Known To Operate With A Light Touch.

The light, gentle touch of laser surgery is here at Gaston Memorial. And it's more than just a marvel of medical engineering. Behind the technology are highly trained specialists. Ready to help with advanced laser surgery. Surgical lasers are now a part of many general and specialized surgical procedures. Our safe, precise surgical lasers mean less pain, less blood loss and a quicker, more comfortable recovery. Sometimes all it takes is outpatient care for something that might have meant a hospital stay. And that can mean lower costs.

If you or someone in your family should need surgery, ask your doctor about the benefits of our state-of-the-art laser treatment. Or, if you would like more information, call us at 866-2226.
