

DuPont is sold

Japan's Mitsubishi Kasei Corporation has bought Philips and DuPont Optical's Media Plant in Kings Mountain for an undisclosed amount.

Headquartered in Tokyo, Mitsubishi Kasei is Japan's largest integrated chemical company and a producer of optical media. The company's 1990 sales were \$9 billion.

Tetsuo Komuro, general manager of the Information Storage Products Division, said the new owners will continue to improve the Kings Mountain facility and improve the product lines but will integrate the sales channel of the products from Kings Mountain with the U. S. subsidiary, Verbatim Corporation. As a result of the acquisition, about 40 marketing and sales employees will be reporting to Verbatim Corporation in Charlotte but will remain on the local staff.

Dupont and N. V. Philips of the Netherlands began production of polymer media in 1990 at the new Kings Mountain facility, the largest U. S. production facility for a disc operation.

Law suit settled

A civil suit was settled Thursday in Gaston Superior Court when Superior Court Judge Zoro Guice signed petitions filed by Everette Ray and Doris Hope Grigg of Kings Mountain and Danny Berry of Bessemer City against a Gaston County police officer.

The Griggs are co-administrators of the estate of the Berry children, Jonathan and Michael Berry.

According to the terms of the settlement, Daniel Berry will receive \$165,147 and his sons will receive \$434,853. in trust. Gaston County will also pay attorney fees which total \$200,000.
