

TURKEY WINNER - Al Moretz, left, won a turkey in a recent contest at Bridges Hardware in Kings Mountain, Tim Miller presents the bird.

**Butler promoted**

CLEVELAND, OH. - Eaton Corporation's Board of Directors have announced the election of William E. Butler as the company's eighth Chairman of the Board. Butler succeeds James R. Stover.

On September 4, 1991, the company announced that Butler had been elected Chief Executive Officer, and would assume the additional responsibilities of the chairmanship upon Stover's retirement. At that time, the Board also named John S. Rodewig to the position of Chief Operating Officer and President-Elect. The Board confirmed Rodewig's election as President of the company yesterday.

Butler joined Eaton in 1957 as a assistant employee relations manager at a plant in Kenosha, Wisconsin. He held a number of line positions and was later named General Manager of the Suspension Division. In 1977, he became Group Vice President - Industrial and Security Products, and one year later was named President of the Automotive Components Group.

**MOORE**

From Page 6-B

"I couldn't ask for a more attractive project to start with," Moore said. "The facility can help ease the shortage of nursing home beds in the area while supplying over 100 jobs."

Moore said he was glad to have the opportunity to return to this county, noting that the surroundings were ideal.

"I'm very happy to be back in this area," he said. "I wanted to bring my family back to an environment that only Cleveland County can provide."

He received his bachelor of science degree in Environmental Health from East Tennessee State University at Johnson City, Tennessee in 1973.

He and his wife, Jean, along with their daughters Cathy, 16, and Kelly, 14, live in Kings Mountain.

**Business notes anniversary**

All American Fabrics at 636 South Lafayette Street is celebrating twenty years of business in Shelby with a totally new building exterior. Wilford Morris, owner of All American Fabrics, expressed his appreciation to James Waters and Steve Costner, owners of the building, for changing the appearance of South Lafayette Street.

All American Fabrics opened for business in December 1971 under the direction of Wilford and Opal Morris. The name for the new business was chosen because Shelby had become and "All American City" that year. The business has shown steady growth since its inception. It has changed from the early "close-outs, mill ends, seconds" kind of business, to now having over 30,000 yards from top design upholstery fabric manufacturers. Mr. Morris said it was still the aim of the store to provide the customer with the best prices and best selections anywhere. They still have the "choice" bargain fabrics. The customer furniture sales was added about ten years ago with a customer's request for a wing chair. The furniture enhances fabric sales and allows the customer an opportunity to create their own choice from the many basic styles of sofas and chairs offered.

Much of the success of the store is due to the All American family of sales associates. Ann McCraw has been with the company for

nineteen years. Garland Morris, Mary Ann Davis, and Beverly Greene came soon after. In 1989, David and Pam Roof joined the company with David as General Manager. The store recently became a part of the Shelby High School students workers program with the hiring of Scott Hutchinson as a student worker.

The common sense decorating skills acquired over the years, along with the knowledge of fabric construction and content, enables these experienced personnel to offer candid and practical decorating advice. This friendly and helpful

attitude has made All American Fabrics not only an asset to the Shelby business community, but a magnet drawing customers from adjoining cities and states. It is a little known fact that All American Fabrics ships a large portion of its total sales to out of state wholesale dealers for resale.

To celebrate this 20th Anniversary, All American Fabrics is giving away a wing chair and twenty \$20.00 gift certificates. Go to the store at 636 South Lafayette Street and register. The drawing will be held at 5 p.m. on January 3, 1992.
