HAA Economist

more than 200" public housing units for Kings Mountain.

Miss Frances Barrett, of Atlanta, made the statement Monday in a forum on public housing, after completing a tour of the city and areas within a mile of the city limits in a survey of the community's rental housing.

The Kings Mountain Public Housing Authority had filed an application for 400 units. application for 400 units.

Miss Barrett is to return next week to complete her survey.

Present at the forum were J Wilson Crawford, real estate broker, Mrs. J. E. Mauney, own-er of rental housing, Tom Tate, secretary treasurer of Home Savings & Loan Association, Frank Ballard, grocer and owner of rental housing Mayor John Henry Moss, and William Orr and Martin Harmon, members of the board of directors of Kings Mountain Public Housing Auth-

Among statements made by ss Barrett:

1) Families with gross income areve stipulated amounts are in-

at eve stipulated amounts are in-eligible to be public housing ten-ants, with exception of recipients of social security.

2) The term "sub-standard house" has many definitions. She added any dwelling without san-itation facilities is automatically sub-standard, as is a two-family dwelling with only one bath.

3) Public housing develop-ments, with which she has been acquainted since 1942, have not dislocated local wage scales.

4) Public housing encourages dislocated local wage scales.
4) Public housing encourages
landlords to upgrade rental
property and to attract tenants
more able to pay.
5) The local housing authority

Federal Agency

By MARTIN HARMON The North Carolina stream sanitation committee has approved full priority for a grant of \$388, 500 for sewer system improve-ments and has forwarded its ap-proval to the federal Water Pollution Control administration.

Mayor John Henry Moss was informed of the favorable action on the Kings Mountain application by telephone Tuesday by E. C. Hubbard, director of Stream Sanitation and Hydrology.
State approval is considered tantamount to early approval by

the federal agency.

Awaited and expected for several months, approval by the state committee was no surprise, but approval of the full grant for the current fiscal year had not been assured when tentative state

been assured when tentative state approval of the Kings Mountain application was given several months ago. Indicated 1966-67 grant was \$307,000.

The total project is expected to cost \$1,300,000, including:

1) Revision of the existing McGill Creek plant from a trickling filter type to an extended aeration type with capacity doubled to one-million gallon daily capacity.

2) Construction of a new two-million gallon daily capacity expects.

million gallon daily capacity ex-tended aeration type plant on Pilot Branch near its junction

Pilot Branch near its junction with Buffalo Creek.

3) A main putfall sewer line from the Mauney Imhoff tank to the treatment plant.

4) Two sewage pump stations with necessary outfalls and force mains at the locations shown on the eplans.

5) Purchase of line right-of-way and treatment plant site.

way and treatment plant site.

Plans and specifications were completed by the city's engineering firm W. K. Dickson & Com-

pany, in January.

Mayor Moss said bids will be invited as quickly as approval is received from the federal agen-

cy.
Citizens, in a special election,
authorized the borrowing of up
to \$1,300,000 for the sewer system improvements. Approval of the federal grant, assuming the bidding and estimates match, means that the city cost will be reduced to \$911,500.

Vote Petitions May Be Filed

Petitions asking an election to determine legalizing sale of wine and beer for off-premises con-sumption and legal sale of liquor via ABC stores are expected to be filed next week with the dis-trict legislative delegation.

The city commission, which serves as the city election board, will be asked to authenticate the signatures, one of the circulators said to 1) determine that 511 citizens signed (making the callcitizens signed (making the calling of the beer-wine election mandatory on the board) and 2) to show the legislative delegation there is sufficient demand on part of Kings Mountain citizens to authorize an ABC election by legislative.

tion by legislative.

The petitions seek elections on both questions and the spokesman said the "wet" decision by the Supreme Court in the Reids-ville case has made no change in Kings Mountain "wets" modus nentioned:

Building permit for the industrice operandi to seek and election at the ballot box. A General Assembly act establishing liquor stores in Reidsville minus an election was upheld by the Supreme Court in a 5 to 2 decision.
