Lifeguard training class set

The Kings Mountain Parks and Recreation Department is conducting a lifeguard training class at Neisler Natatorium beginning Thursday, April 1 at 7:15 p.m.

Lifeguard training is the most current Red Cross certification course for those interested in waterfront employment for the summer and is the only certification many pools will acknowledge as a qualification for employment.

Participants must be at least 15 years of age by May 25, 1993, a competent swimmer and diver, and have the ability to tread water for one minute. The suggest course length is 27 contact hours for the water and book work portions. An

additional six to eight hours is required to complete the new Red Cross Standard First Aid course before the lifeguard certificate is issued.

The city of Kings Mountain is taking applications for guard positions at the Deal Street Pool and at Moss Lake for the summer and this course work is required to be considered for employment.

There will be a small registration fee charged. Each student will also need to cover Red Cross costs for materials as they are necessary.

For more information, call the Recreation Department at 734-0449.
