Scholarship money available

Future health care professionals can offset the financial burden of college through the scholarship program offered by Health Care Careers CODE BLUE.

Funded by CODE BLUE sponsors Forsyth Memorial Hospital and North Carolina Baptist Hospital in Winston-Salem, and by Gaston Memorial Hospital and Presbyterian Hospital in Charlotte,

the scholarships are part of the continuing effort to recruit capable students into health care and are in addition to the loans and scholarship programs already offered by the four hospitals. One student from Forsyth, Gaston and Mecklenburg County will be awarded a \$1,000 scholarship for writing the best essay on the rewards of becoming a

health care professional. In addition, each student submitting an essay must also obtain a teacher recommendation, maintain a satisfactory grade point average and be accepted into a health care program. Interested students should contact their school guidance counselor or call 1-800-548-9649 for more information.

There's nothing like Christmas in the country, and we couldn't be happier to share it with such wonderful people.
