Home is where the heart is and if you have heart trouble, we can treat it real close to home.

One of the worst things about being ill is the feeling of being alone, isolated from the normal flow of events and activities that make up your life. It's a time when you need the comfort of loved ones, the support of family and friends. One of the best things about the Carolinas Heart Emergency Network is the fact that you can receive advanced, state-of-the-art treatment near your home. In fact, the Carolinas Heart Emergency Network is your assurance that you can get some of the most advanced treatment in the world. And you don't have to go halfway around the world to get it.
