Bill McLean with his mother, Mauney McLean

"Ir You Think Retirement Living Is No Picnic... Ask My Mom!" -- Bill McLean

This year, Mom and I had to make one of the hardest decisions we've ever had to make. How to choose a care facility for mom that met her particular needs and lifestyle. While she didn't need a lot of personal care, she did need more supervision and companionship than the family could provide. After much soul searching and countless "grand tours", we chose CountryTime Inn. We found their beautiful location and secure environment to be the perfect setting for mom. And they had just the right amount of planned activities and social outings to help keep her healthy and active.

Now mom's happy, and so are we, because we consider Country Time our extended family.
