

Bain new KM representative for Edward D. Jones

John Bachmann, managing principal of Edward D. Jones & Co., has named Timothy John Bain as the new Kings Mountain representative for the St. Louis-based investment firm.

"We're very proud to have Bain represent us in Kings Mountain," Bachmann said. "Our investment representatives have built their business with a genuine concern for their

clients' welfare, and Bain will be able to continue this tradition by providing one-on-one service to the people of Kings Mountain."

Prior to joining Edward D. Jones & Co., Bain was in sales with AT&T. He graduated from N.C. State University in 1994 with a BS in Economics and a BA in Business Management.

Bain is enthusiastic about taking over Jones' Kings Mountain

office. "I look forward to serving the investment needs of the people in Kings Mountain, and I'm proud to be affiliated with Edward D. Jones & Co.," he said.

Edward D. Jones & Co. was founded in 1871. With more than 3,000 offices in 49 states, Jones is the largest financial

services firm in the nation in terms of retail offices. Its representatives offer a wide variety of investments, including insured tax-free bonds, certificates of deposit, mutual funds and the common stock of companies, with histories of sound management and solid performance.

"THOSE CRAZY EPISCOPALIANS"

do they really "go to school" before joining the church?

As much as anything else, the Confirmation (or Inquirers') Classes are for the "joiner's" own protection... so that he knows exactly what he's getting into. This simple, interesting set of instructions from the minister assures complete understanding of the church's tenets. Attendance at these classes carries no obligation to become a member.

Episcopalians don't discount the sudden revelation of God's presence. They do, however, believe that a more deliberate initiation into church membership may be less likely to wear thin in subsequent years.

They have some pretty good reasons for believing the Christian faith involves both the heart and the head. They don't mind being joshed about their "thinking-man's religion." Christ, they say, demanded simple faith—but not blind faith.

Periodically, your nearest Episcopal church offers a series of inquirers' classes. Here's an excellent opportunity to learn, without obligation, if the Episcopal Church offers something you've found missing in your previous religious experience. The minister—if you call him—would be delighted to discuss it with you.
