Old Furnace Picnic is Saturday

The 98th consecutive annual reunion of the descendants of James Ormand (1669-1766) will be held at 12 noon Saturday, July 29 at the site of the Old Furnace on Long Creek Church Road, located between Bessemer City and Kings Mountain. The Ormand reunion is also known as "The Old Furnace Picnic" and ranks among the oldest consecutive reunions in America.

Around 200 relatives take a picnic lunch and gather each year for the reunion, traveling from all over the United States. Rev. Ben F. Ormand has performed extensive work on the genealogy of the de-

scendants of James Ormand, and has published a book entitled Ormand History and Descendants of James Ormand, Sr. (1669-1766); A Press, Inc., Greenville, SC (1983). A copy of the book will be available at the picnic along with recent supplements.

James Ormand and his son settled on land, from the Catawba River to Long Creek, granted to them in 1754 by George II, King of England. An iron furnace was erected on a portion of the property on Long Creek Church Road around the time of the

Revolutionary War. The furnace is said to have been used for making iron products, from cannon balls to plowshares. The Ormand family has maintained the property over the years and the Gaston County Historical Commission and Board of County Commissioners has designated the furnace as historical property. Application is also being considered for including it in the National Register of Historical Places.
