## Grover bans weapons on City property

GROVER - Following the recent action of their neighbors in Kings Mountain and Shelby, the Grover Town Board Monday night adopted an ordinance banning the possession of concealed weapons on property owned by the city.

"The purpose of the ordinance is to protect not only the Town of Grover but anyone on town property," said Town Attorney Mickey Corry.

Corry said the ordinance should be posted at all entrances to Town Hall and also at the Grover Park. It excludes the right of a police officer and other civil officers discharging official duties to carry a gun.

In July, the North Carolina General Assembly adopted the statute allowing possession of a concealed gun.

There will be plenty of good food from popular concession stands, crafts, and a variety of events.

Council also adopted a noise ordinance which gives police officers authority to issue warning tickets first for loud noises in the town, excluding the normal operations of business and industry.

Councilman Noel Spivey reported that numerous streets had been paved and/or patched and by spring the board would need to reevaluate the street needs. "The streets are in good shape now," he said.

Spivey said new street signs are ready to go up.

Councilman Jack Herndon reported that high pressure sodium lights had been put up at the city-owned cemetery at a cost of \$123.24 per month and Mayor Ronald Queen suggested that members meet with the Lions Club to assist the club with costs of cutting grass at the cemetery, a project of the civic club since 1951.

Elizabeth Throop, a candidate for council in the November election, suggested that the town start an endowment to support a perpet-

ual care fund for the cemetery and invite contributions from the community.

After some discussion, the board volunteered Bobbie Spivey to chair the annual Christmas parade and the board voted to spend a maximum of \$1500 on the project. The mayor said costs last year for the holiday event topped \$10,000 and both Queen and Councilman Robbie Sides said the cost should be trimmed.

"I'm not against a parade but we need to cut some of the costs this year," said Queen. Queen said, however, that a major portion

of the costs last year were for new lights.

The board voted a \$1500 contribution to Grover Little League and Grover cheerleaders from a recreation grant from the county and accepted funds covering a three year period for \$75,000 for the Cops Fast Grant which will help cover the salary of a full-time officer.

The board appointed Tim Rowland, Jim Howell, Heather Chadwick, John Higginbotham, Bill Fable and David Chadwick to the board of adjustments.

Councilman Rowland was absent.

# NORMA BRIDGES

COMMISSIONER AT LARGE

**NORMA BRIDGES**

I would like to take this opportunity to thank each of you for allowing me to serve you over the past years. I have tried to be as helpful and fair to you, the citizens, and the employees as I could be. I will continue to support any issue that is best for the citizens and our fine city. Being a life-long citizen of Kings Mountain, I do care and want to see great things for our city.

If elected, I would like to see:

- 1- More citizen input by allowing them to speak at Council Meeting in a timely and orderly fashion.
- 2- A beautification program with all citizens involved. We need a continuous program to clean our city and keep it clean.
- 3- Keeping taxes and utilities as low as possible.
- 4- Annexation to bring more money into our city.
- 5- A good and fair pay plan for our city employees. Some of our employees are much underpaid.

With all of us pulling together, we can accomplish this and much more.

Again, let me say thanks to all who have supported me. As much as I would appreciate your vote again, I strongly urge each and every citizen to take advantage of their privilege, as a City of Kings Mountain resident voter, to go to the polls on October 10th and cast your vote for which ever candidate you think can serve you and the city in the best possible way.
