"BB&T Offered Us Services And Gave Us Advantages We Didn't Even Know To Ask For."

It's one thing to have a banker that answers your questions. It's quite another to have one that answers your needs. Mike Hamby found that out when he came to BB&T in 1986 looking for a quick answer to a rather complicated loan request.

While a number of banks were interested in writing the loan, only the folks at BB&T were interested enough to come in the day after Christmas to make it happen. As for Mike Hamby's feelings about BB&T today, nine years later? "There's a loyalty there that you cannot buy. You can't steal me away as a customer from BB&T."
