WITH OVER 70 SURGEONS ON STAFF, THERE'S PROBABLY ONE WHO COULD ALSO FIX THE BIKE.

It's no accident that Gaston Memorial has an outstanding staff of surgeons. Mainly, because we planned it that way.

In fact, over the past five years we've brought in 35 new surgeons from some of the top medical schools in the country.

And now our surgery staff performs more than 10,000 procedures on almost every part of the body, every year.

Which includes neurosurgery to urology and just about anything in between. Plus, with the opening of the new Gaston Ambulatory Surgery Center, our physicians will be able to offer even more convenient outpatient surgery.

It's all part of our mission to provide our community with high-quality medical care that's still easily accessible - no matter what your mode of transportation.
