## Are You A Planner?

- Most people prepare for the possible things in life to happen such as fire, illness, theft, and car accidents by taking out insurance policies, and investing in retirement accounts.
- But most people do not prepare for the inevitable thing which we all know is going to happen... death.
- We at Evergreen want to give you every opportunity to pre-plan your arrangements. We have several different options for you to consider, and they are for your benefit.
- Pre-planning is so important. It spares your loved ones from making impulsive decisions at such a stressful time. More often, they end up spending a great deal more money than is necessary.
- Please call or drop by our office today and we will help you take advantage of pre-planning.
