ADMINISTRATOR EXECUTOR'S NOTICE

In an ongoing effort to eliminate surface water from our sanitary sewers, contract workers will be in Kings Mountain for the next several weeks investigating areas of concern. They will be working for long hours and in unexpected places. Despite efforts to be otherwise, they will sometimes be noisy. They will be mainly, but not entirely, along streams where our larger lines are located.

Smoke is one of the key methods they will use. This smoke is chemically generated and is harmless. It shows openings in the sewers where water can enter. However, should any of this smoke enter buildings the point of entry should be located and eliminated. The smoke is harmless, but not the other gasses which can use the same points of entry. These other gasses can be deadly and should be eliminated quickly.

When roof drains, yard drains, or other points where rain water can enter the sanitary sewers are located, property owners will be given reasonable time to eliminate them. Entry points found on public property or rights-of-way will be corrected by city forces. If you need additional information on this matter, please call 734-4531 between 8:00 and 4:00 any day. The Kings Mountain Police Dept. is aware of this work.
