Tips to keep home free from crime

By TONY REEVES
C.O.P. Officer, KMPD

Members of the Kings Mountain Police Department C.O.P. Division are committed to being responsive to our community in the delivery of quality services.

Recognizing our responsibility to maintain order while affording dignity and respect to every individual, our objective is to improve the quality of life through a community partnership which promotes safe, secure neighborhoods and businesses.

Tips on home crime prevention:

- Make sure you have sturdy metal or solid wood doors at all entries into your home, and that sliding glass and similar doors are properly secured.

- Install and use well-made deadbolt locks (1 1/2 inch throw or greater) on all exterior doors.

- Make sure all exterior doors have wide-angle viewers, that can be used by everyone in the house. Install two viewers at different heights if necessary.

- Light up entry doors so that you can tell who's there. Motion detector lights, flood lights, or similar lighting can help brighten up the property so crooks can't hide.

- Make sure everyone - adults, teens, and children - knows house rules for answering the telephone and the door.

- Trim shrubs and trees that might give criminals a place to hide or climb to second stories.
