TIM MOORE FOR NC House

"Cleveland County's unemployment rate is nearly 10%. That's unacceptable." —Tim Moore

Politicians have not addressed Cleveland County's jobs shortage. Plants and mills are closing. Enough is Enough.

Unemployment has reached crisis level in Cleveland County. Tim Moore is serious about solving our jobs shortage and has a plan to improve this situation. He will work to reduce taxes, improve local infrastructure, and recruit industry. Representative Andy Dedmon has failed Cleveland County's workers.

It's time for a new leader who will get the job done. It's time to elect Tim Moore.
