Crow tests positive for West Nile

A crow found in Boiling Springs tested positive for West Nile Virus, Cleveland County Health Director Denise R. Stallings announced last week.

The crow was found in North College Manor. This is the third confirmed case in the county this year.

Stallings urges residents to follow public health warnings issued in June.

Officials urge avoiding contact with mosquitoes. Insect repellents containing DEET are the most effective. Wearing light colored, long sleeved tops and long pants, avoiding mosquito-infested areas and staying indoors at dawn and dusk also help.

Adults should use repellents with 35 percent DEET, the Centers for Disease Control recommends. The American

Academy of Pediatrics recommends products with 10 percent or less DEET for children.

DEET products should not be used on infants.

Apply repellent to exposed skin and clothes. Do not apply on child's hands nor near mouth, nose or eyes.

Wash after coming indoors.

If bitten by an infected mosquito, it may take up to 3 to 12 days to become ill. Most people who are infected with West Nile Virus suffer no symptoms at all. West Nile Virus may cause headache, fever, swollen glands, muscle aches and often a rash. In severe cases, it may cause an infection of the brain called encephalitis.

People age 50 and over and those with health problems are at most risk

for a serious illness due to West Nile Virus. Anyone who may be ill with West Nile Virus should see a doctor as soon as possible.

To stop mosquito breeding: Empty, destroy, recycle or cover containers like tires, tin cans, buckets and bottles where mosquitoes can lay eggs. Change water in pet bowls and bird baths at least weekly. Remove or empty dishes under potted plants. Stocks ponds with fish. Cover unused pools. Clean clogged rain gutters. Place "donuts" made with mosquito-killing bacteria in water where mosquitoes eggs may hatch.

Anyone finding a dead crow, blue jay, cardinal or bird of prey should call the Cleveland County Animal Control Department at 704-481-9884.
