DISTANCE LEARNING FALL SEMESTER

DISTANCE LEARNING WITH CLEVELAND COMMUNITY COLLEGE
 Distance Learning is education that takes place when you and the teacher are separated by space or time. The gap between you is bridged through the help of technology or non-traditional methods. Some ways of connecting students and teachers include e-mail, the World Wide Web, closed-circuit cable television, video and audiotapes, videoconferencing, satellite broadcasts, and voice mail.

For more information about Distance Learning classes at CCC go to our website at www.clevelandcommunitycollege.edu and click on Distance Learning. The Frequently Asked Questions page will answer many of your questions. If you need further help, contact Jody Ledford at ledford@cleveland.cc.nc.us or the instructor of the course.

- You would be a good candidate for distance learning if:**
- You need the convenience of distance learning due to family life, work schedules and other factors.
 - You are highly motivated to succeed.
 - You are disciplined enough to incorporate study time into your busy daily activities.
 - You have been successful in previous traditional course environments.
 - You have been making good grades in your earlier work and have all of your work complete and in on time.
 - You are willing to attend any mandatory orientation or testing sessions on campus.
