Small Business Owners, V

Accelerated Small Business Tax Deductions for Large Trucks and SUVs

-Under the Tax Relief Reconciliation Act of 2003, qualified small business owners may deduct up to \$100,000** of the actual cost, reguardless of the amount financed, of a new business trucks with a Gross Vehicle Weight Rating (GVWR) of 6,000 lbs or greater. All F-Series trucks and E-Series Cargo Vans qualify under this rule. -When you purchase a new SUV with a GV WR of 6,000 lbs. or greater, you may deduct the first \$25,000 of the

cost, plus 50% in Bonus Depreciation on the balance, plus your normal depreciation deduction on the remaining balance**. In many cases, your deductions could add up to 75%-90% of the actual purchase price. All Expeditions, Excursions and E-Series Wagons qualify under this rule.

-Don't miss out on this substantial tax deduciton opportunity. With tax year 2004 coming to a close, your timing may be limited; the 50% Bonus Depreciation mentioned end December 31, 2004, which is yet antohter reason to act quickly. **See Dealer for Details.
