"Without Hope" a movie inspired and partly filmed on location at Kings Mountain Mining, LLC, will have its premier showing at the Joy Performance Arts Center on Wednesday, November 7, beginning at 7:30 p.m.

Tickets will be sold at the box office on opening night for \$5 apiece. All of the proceeds from the premier will be given to the Kings Mountain Little Theatre, Johns said.

DVDs of the film will be sold on Wednesday night, along with DVDs of Johns' first film, "On my Last Breath," which placed in the top 3 of the people's choice

awards in a Charlotte film festival last year. Wednesday night's screening will also feature DVD and poster give-a-ways and a chance for the audience to meet the cast through a question and answer session, following the 36:30 (36 minute, 30 second-length) film.

Behind the scenes footage and commentaries will be shown, in addition to the film, at the premier. Contrary to the story in last week's Herald, Johns and his crew spent several weeks filming and editing the movie to achieve their final cut.

"Without Hope" was filmed, directed and produced by Don Johns, out of Charlotte and co-produced by Rick Alexander. For more information, visit withouthopemovie.com.

Magnolia Garden Club meets

The October meeting of the Magnolia Garden Club was held at Eakers Nursery in Cherryville.

The club members enjoyed walking the grounds of the spacious nursery. The nursery guide shared various types of shrubs and plants, giving both their

common and botanical name, that would be suitable for the club's uptown garden. The group bought several plants to start the rejuvenation project. The club decided to wait to see how much could be salvaged from the garden before purchas-

ing more plants.

After the nursery tour, the club enjoyed a delicious noon meal at Poor Folks Café in downtown Cherryville.

The club will resume its regular meetings next month at the home of Glenda Colburn.
