

Taking Care of Business

Business news from
The Kings Mountain office of

The who, what & where of Kings Mountain

Did you ever wonder what goes on in the Chamber office in Kings Mountain? I would like to fill you in on a few of the details of everyday life at 150 West Mountain Street.

Some of the most often asked questions are: Where is the park? Where is the Gateway Trail? Do you have a map of the area? How do you get to City Hall? What are the benefits of being a Chamber member? How do you call the Post Of-

Kings Mountain

fice or the Senior Center? What is there to do or see in Kings Mountain and Cleveland County? Where is a particular business or industry located?

These and many other questions are asked every week and I love helping folks out by giving them information? I answer the phone, talk

to walk-ins, answer numerous emails daily, work on specific projects that pertain to Kings Mountain, the County, and the region, and find the job very rewarding and a complete pleasure, sometimes a bit hectic?

Please come and visit the office and choose from the many brochures and business cards on display, tourism information, real estate pamphlets, area magazines, etc. You can even pick up a supply to display in your office or to have on hand for visitors to your business.

Why Carillon is worth it.

Let's face it, assisted living is expensive. To provide room, board and care for a loved one who needs a little help day-to-day is an emotional and financial responsibility that requires careful consideration. When comparing assisted living providers, the first thing you look for is the price.

But the next thing you should look for is the level of care and quality of environment provided for that price. At Carillon, we're proud to offer much higher quality for just a little more than the other providers. We invite you to stop by and compare.
