

# Academic Awards at Kings Mountain High School

Kings Mountain High School honored 10th-12th grade students with a cumulative 3.75 weighted GPA or higher for their academic achievements at an Academic Awards ceremony Thursday night in Barnes Auditorium.

National Honor Society members in the 12th grade received their NHS stoles to wear at graduation. Principal Ronny Funderburke welcomed a crowd of parents, friends, families and students to the 7:30 p.m. ceremony. In addition to adorning the honor society seniors with stoles, he also handed each 12th grade student an engraved pen.

KMHS School Counselor Leigh Bell led the ceremony, entertaining the audience with a list of top 25 ways to annoy people.

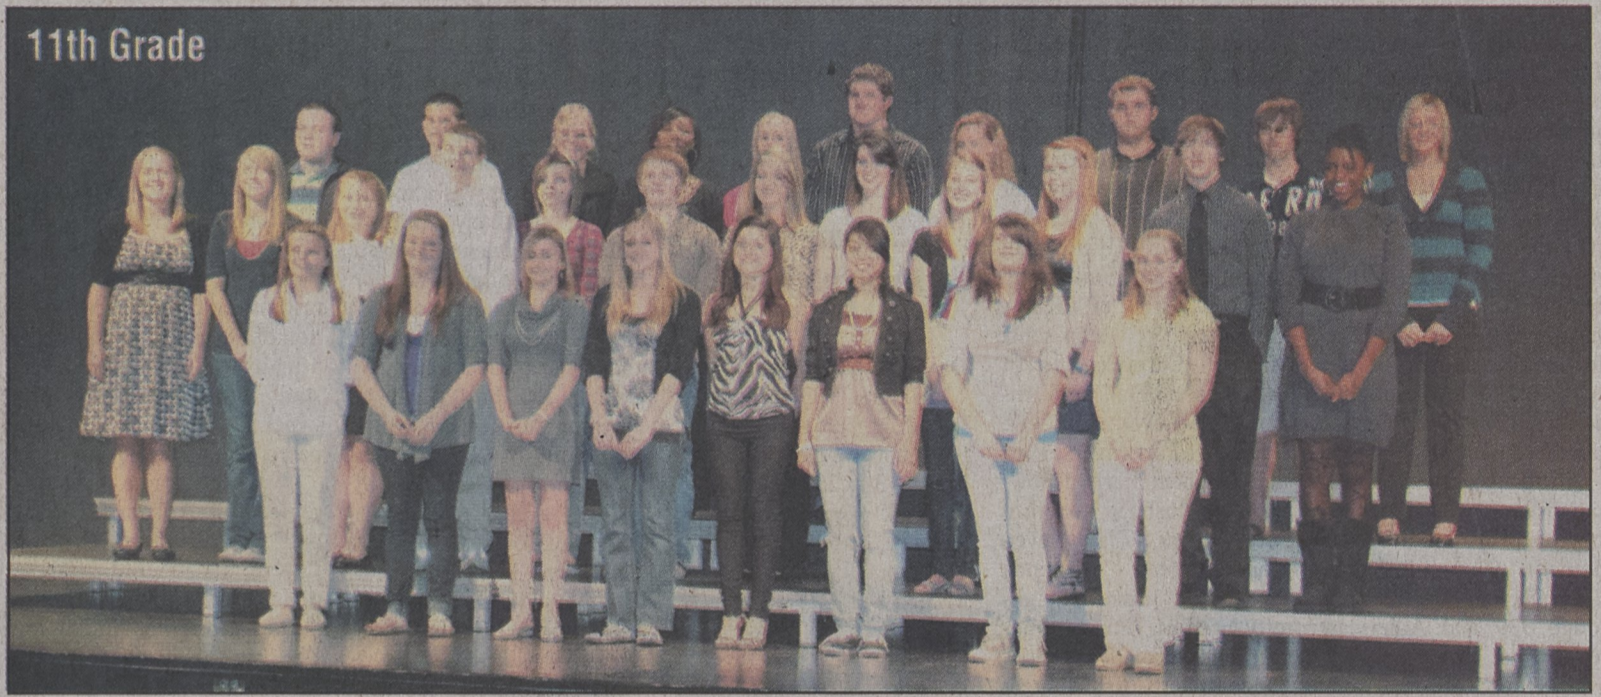

Assistant Principal Julie Rikard awarded the juniors with a KMHS lapel pin for their academic achievements. Sophomores were awarded with engraved keychains by Assistant Principal Mickey Morehead.

SPO President Ashley Gilmore led the crowd in the Pledge of Allegiance.

The following students are honored for their academic achievements:

**Harold's Weekly Health Tip... Sore Throats**

Sore throats can be painful and annoying. Fortunately, most sore throats are caused by a minor illness and go away without medical treatment.

Several conditions can cause a sore throat - Viral infections: Many sore throats are caused by a viral illness, such as the common cold, the most common type of viral infection or Mononucleosis (mono, "the kissing disease"), a viral infection that tends to cause a persistent sore throat.

Bacterial infections: A bacterial infection may also cause a sore throat. This can occur from: Strep throat, which usually does not occur with congestion or a cough or an inflammation or infection of the tonsils (tonsillitis) and sometimes the adenoids (adenoiditis).

Irritants and injuries: A sore throat that lasts longer than a week is often caused by irritants or an injury, such as throat irritation from low humidity, smoking, air pollution, yelling, or nasal drainage down the back of the throat (postnasal drip) or breathing through the mouth when you have allergies or a stuffy nose.

Treatment for a sore throat depends on the cause. You may be able to use home treatment to obtain relief.

Because viral illnesses are the most common cause of a sore throat, it is important not to use antibiotics to treat them.
