

KMHS seniors prepare to graduate Saturday

"You have something to give but you need God for direction in your life," Rev. Doug Allen told Kings Mountain High School graduating seniors Sunday night.

Speaking at the baccalaureate service at B.N. Barnes Auditorium, Allen, pastor of Penleys Chapel, said that with God as your friend who knows all about you there's guaranteed success.

"You don't need a GPS to find the way you need Jesus who will make a way for you," he said.

KM Country Club pool should be revamped in time for summer fun

As temperatures reach into the low 80s and summer approaches, the Kings Mountain Country Club swimming pool is undergoing extensive maintenance to address damaged and leaking pipes.

Groundkeepers have been working on and off over the winter and spring, using backhoes, jackhammers and shovels to get to some of the 53-year-old pool's buried structures. A new concrete surface is also planned for the pool area.

Country Club officials say they haven't established a timeline for completion of the project, but

believe "we're close to the final stages," according to Andy Neisler, the club's pool chairman.

The preliminary excavation is being handled in-house by workers normally assigned to the golf course

greens. After that, Innovative Pool Designs will complete the final parts of the project, Neisler said.
