CLASS A LINEMAN NEEDED - Position will require advanced level of technical work in the construction, maintenance, and repair of underground and overhead lines in the electrical distribution system. Work

is differentiated from lower levels of line work by the variety of more difficult secondary and primary high voltage line work, independence of action, troubleshooting knowledge and skill, and by inspecting and performing tasks at a high level in line work. Employee must know and understand all safety aspects, and standards of line work along with appropriate work methods regarding secondary and primary work. On call time and overtime work will be required. Employee must also have a class A CDL license or ability to obtain a Class A by end of probation. Employee must have graduated from high school or equivalent and supplemented by training in electrical principals and considerable experience as an electrical line worker. Employee must be classified at a second class level or an equivalent combination of education and experience. Applicant can obtain an application and a full job description at City Hall or the Public Works Department. (7/31)

You Are My Sunshine . . .

From the moment she was born I promised to love her, to protect her from all the monsters under her bed, and to support her and all her dreams. From the moment she was born I promised that I would always provide for her, no matter what.

That's why I bought Life Insurance, because from the moment I held her I wanted to secure her future in case I couldn't always be there for her. Because it's not about my life, it's about hers.
