#### THE FIRST WORK

The following extracts from a letter recently received by a local citizen is only typical of many of the kind received here:

"Would it be asking too much to have you write me whether there are any desirable small cottages available on the beach near Belhaven?"

"We are planning an early vacation, either the latter part of April or in May and we thought of coming down to North Carolina if we could find a comfortable place to stay. All we ask would be a small place with comfortable beds and light housekeeping facilities!"

This letter was from a family in Kenmore, N. Y.

It is not hard for any of us to guess the answer to this letter. The family had to be referred to another section of the country because of our lack of such cottages.

And another instance where we are passing up an opportunity—A traveling man would like to make this his headquarters and wants to bring his family here, but due to the fact that there are no cottages, no houses and no apartments he is forced to spend the greater part of his time here while his family lives elsewhere.

It is our opinion many traveling men would like to make this their headquarters when in this section of the state if we had the proper accommodations for them. And many families from the inland towns would spend their vacations with us if we could offer the slightest lure.

The fact that people are being turned away from Belhaven daily because of the lack of houses, cottages, apartments and hotels gives rise to wonderful opportunities for progressive citizens to make provisions for the first requisites in the development of our community.

#### ANNOUNCEMENT

Since my early boyhood I have possessed an earnest desire to serve the people of this district as Solicitor. With that in mind, upon completion of my legal training at Wake Forest college I returned to this my native district to practice my profession. I have now completed my eighth year as a practicing attorney, and I am now asking the voters of this district to give me the opportunity of serving them as prosecuting officer.

I have always been a conscientious fighter for the Democratic party and its principles.

If the people of the first judicial district of North Carolina feel disposed to elect me to the office of Solicitor I will be ever grateful, and in return for the confidence I pledge to them the best of service I am capable of giving.

#### NOTICE OF CANDIDACY

To The Voters of Hyde County  
This will announce my candidacy for Representative of Hyde county in the 1935 General Assembly of North Carolina, subject to the action of the Democratic Primary to be held on Saturday, June 2, 1934.

At this time, I wish to express my sincere appreciation and genuine gratitude for the support and encouragement given me by my friends in 1932, when I was a candidate for Representative under very adverse circumstances. Notwithstanding the fact that I was physically unable to press my claims for the nomination they rallied to my support and gave of their time and energies in trying as best they could to acquaint the citizenship of the county with the principles of government foremost in my mind and which I expected to and would have endeavored to enact into law for the betterment of the county and North Carolina, had I been fortunate enough to have received the nomination. Immediately after the campaign closed, I found it necessary to undergo two operations which had been postponed because of the campaign, hoping that I might, by postponing a matter so vital to me, in a small way, reach the majority of the people.

These were loyal friends—more than a thousand in number—and with them a large number of Hyde county's best citizens who say they have never support me before, have encouraged me to enter the race again with assurances of their full and unqualified support.

As an evidence of my appreciation for what my friends have done for me in the past, they have expressed their willingness to exert their best efforts in my behalf again, and with a burning desire in my heart to be a party to legislation which will help the masses rather than the classes in Hyde county and North Carolina I announce my candidacy for Representative.

O. L. WILLIAMS,  
Swan Quarter, N. C.
