McDowell, a teacher at North School and Sophrenia Campbell who teaches at Central.

Sewing Room Is Busy Night Spot!

One of the busiest night spots in Kings Mountain these days is the sewing room at the Community Center on Cleveland Avenue. On Monday nights, Tuesday mornings and Wednesday nights there are classes in Dressmaking. On Tuesday nights and Thursday nights, there are Tailoring classes. These classes are being taught by Mr. Pat Tignor and all are currently filled which is some indication of how popular these classes have become. Cleveland

Technical Institute has arranged all the classes and no fee is charged. New classes will be starting in the near future and the Mirror will announce these dates when they become available.

Scout Troop 415

Scout Troop 415, sponsored by the American Legion Post 155, made the following advancements at the November 3rd board of review.

Robert Cox Jr. - water skiing and rabbit raising, Mike Murphree - athletics and personal fitness; Scott Ledford - athletics; Brian Falls - cooking; Ben Cox - rabbit raising; Grady Howard, Bob Cox and Douglas Falls were on advancement committee.

Weekly Recipe

BY BETTY CAMPBELL

POTATO SALAD

This week's recipe is given to us by Betty Campbell. Like all good cooks, Betty does not measure quantities very accurately and makes this delicious potato salad to taste. You may want to vary the quantity of ingredients slightly in order to suit the taste of your family. The amount of potato

salad resulting from this recipe will serve 10 - 12 persons. Betty frequently serves this dish at family gatherings.

She is the wife of Ed Campbell, who is employed by Lilly Fasteners of Delaware. Betty and Ed have two sons; Butch a senior in high school, and two year old Scott.

6 Potatoes (Boiled in skins and then peeled)
1 Small Onion
3 Hard Cooked Eggs
1 Pound Bacon - fried (Save Drippings)
1 Pint Mayonnaise
1 Tsp. Mustard
Dash Worcestershire sauce
2 Teaspoon Salt
1/4 cup Bacon drippings

Dice potatoes, chop onion and eggs, crumble bacon and mix together in large bowl. Make sauce with mayonnaise, mustard, Worcestershire sauce, salt and drippings. Pour sauce over other ingredients and mix well. For special occasions, garnish with crumbled bacon and slices of hard boiled eggs.

Essay Contest

The Colonel Frederick Hambrigh Chapter, N.S.D.A.R., announces the annual American History Month ESSAY Contest. The subject this year will be "How My State Acquired Its Name."

Students in the 5th, 6th, 7th, and 8th grades may enter this contest and the deadline is December 15th, 1971. The length of the essay will be 300-600 words for 5th and 6th

graders, 600-1,000 words for 7th and 8th graders. The essays will be judged on historical accuracy, adherence to the subject, originality, interest, neatness, spelling and punctuation. Each essay must be handwritten in ink. Details

of these and other rules were handed out in school last week. Parents are urged to encourage their child to enter the contest.

Joann Hauser improves her sewing skills at Community Center's night classes.

Golden Anniversary

Sunday November 14th from 3 P.M. to 5 P.M. at the Kings Mountain Country Club will be the occasion of the celebration of the Golden Wedding Anniversary of Mr. and Mrs. Charles Moss.

Their actual anniversary date is Friday, November 12th, but the celebration will be held on Sunday to enable their two children to attend.

They are Mrs. Johnny Keziah from Phoenix City, Alabama and Charles Moss, Jr. who is employed by J.P. Stevens in New York and who resides in Edison, New Jersey. The Mosses have issued over 200 invitations but realize that they may have overlooked many of their friends in this area, and they cordially invite them to attend their celebration.

In Fashion

Wide collars, wide ties or turtle neck sweaters for men are popular.

Unusual Items Go Into Christmas Decorations

By JANICE R. CHRISTENSEN

Inexpensive, but unique Christmas decorations can be fashioned from clothespins, excelsior and seed pods.

All you need are the materials and the creative imagination of Wayne County homemaker Mrs. T. A. Beaman.

Mrs. Beaman made decorations from clothespins by hand painting them to look like dolls; from excelsior by forming it into bird nests; and from various seed pods by painting and sprinkling them with glitter.

All the ornaments were beautiful, yet retained that sought after "hand-made" quality, said Mrs. Evelyn D. Raper, home economics extension agent.

SEWING SON

After watching his three sisters do a great deal of sewing, G. W. Gardner, III, Rowan County, decided to try his hand too.

He used some fabric his mother had on hand to make a reversible vest.

Mrs. Gardner, a 4-H leader, was just as proud of her 17-year-old sewing son as she was of his finished product. Mrs. Louise Woodard, assistant home economics extension agent, relates.

G. W. is enthused too. He wants to make some more clothes and is seriously thinking about entering the county 4-H fashion revue.

FRIENDLY ADVICE

When a nine-year-old asks his mother to buy liver "because it will help us grow big and strong" that's unusual.

It's also good teaching on the part of Mrs. Annie Murphy, Extension Program Aide with the Expanded Nutrition Program in Durham County.

As Mrs. Murphy taught the homemaker a delicious way to prepare liver she also taught the children why liver was good for them.

Now when the mother goes to the supermarket to shop, her children give her a bit of friendly advice: buy liver.

Mobil heating oil is tested in all kinds of homes before it gets to yours.

Mobil heating oil is not only laboratory-tested 21 times—it's also continuously consumer-tested in over 400 homes across the country...to make sure it gives peak performance under all conditions, everywhere. So you can be sure it's just right for you.

Oil heating is economical, clean, safe. It gives you dependable, even heat at all times. In fact, oil heating is the modern way to heat your home, and you don't have to depend on an outside source because your fuel supply is right there in your own home.

So call us for the heating oil that's right for your area—and right for your furnace.
