County Industrial Committee Named To Bowles Campaign

H. Eugene LeGrand, plant manager of Fiber Industries Inc., Shelby plant, will serve as chairman of a Cleveland County industrialists committee in the gubernatorial campaign of Democratic candidate Hargrove (Skipper) Bowles.

Committee members for Bowles will be Jean Schenck, chairman of the board of Lily Mills Company; George Corn, president of Shelby Concrete Products, Inc.; Vernon Johnson, plant manager of Constainer Corporation of America; Lloyd Bost, president of Bost Bakery, Inc.; Robert

Forney, president of Lily Mills Company; E. Yates Mauney, president of Shelby Seamless Hosiery, Mills, Inc. John Schenck III, president of Cleveland Mills in Lawndale; and W.B. Harry, president of Har-Ray Mills Inc. of Grover and affiliated with Grover Industries and Minette Mills, Inc.

Cleveland County's transition to a thriving industrial economy and of our common interest in helping North Carolina grow industrially. I look forward to working with them in the campaign."

Chairman LeGrand was named the Lions Club's "Man of the Year" in 1970. He has been active in business and civic affairs for a number of years as president of P & M Warehouse Co., director of First Citizens Bank & Trust, vice president of the Shelby Chamber of Commerce, a director of the Boys' Club and Salvation Army, advisory board member for Gardner-Webb College and the Salvation Army, vice president of the Piedmont Council of Boy Scouts of America, trustee of Cleveland Technical Institute, and Cleveland Memorial Hospital, and a director of Shelby Life Saving and Rescue Squad and Shelter Home of Cleveland county.

A graduate of N.C. State University, he is married to the former Miss Emma Jo Beam, a teacher in the local

Art Show Features Opal Reading Work

A one-man art show, displaying the work of Mrs. Opal Reading of Kings Mountain, is now being held at Gardner-Webb College in the lounge of the O. Max Gardner Fine Arts Center.

The show is open Monday through Friday from 8 AM until 5 PM and will continue through March 1.

Mrs. Reading uses the pallet-knife technique. In this technique the artist uses a knife to paint with instead of a brush. Her paintings range from the semi-realistic to the realistic landscapes.

The paintings are for sale. Mrs. Reading says she started painting by chance. It seems that she signed up for lessons while the family was living in California. When the time came for the lessons to start the daughter had decided to attend a summer camp.

So Mrs. Reading took the lessons and only three months later, she sold her first painting for \$98. "This is when I decided that I was an artist and I liked the work," said Mrs. Reading.

American Legion Scout Troop enjoyed a covered dish supper for scouts and their parents Tuesday night at the Legion Post. Mirror Photo by Lem Lynch.

leading orthopedic surgeons

know what's good for your back.

They helped design Sealy Posturepedic's comfortably firm support.

By using the most advanced research techniques and materials, Sealy has developed an entirely new concept in sleep. Designed in cooperation with leading orthopedic surgeons, this scientifically programmed mattress and foundation system gives a perfect balance of firmness and comfort. The Posturepedic "Sleep System" looks out for your back while it pampers you.

This is the one that promises "no morning backache from sleeping on a too-soft mattress." **\$89.95** Full or twin size each piece
