We must be realistic in our commitment to eliminate water pollution, and I feel that the House-passed bill meets the tests of accomplishment and practicality.

Indy 500 Driver To Present Safety Program Here April 12

The Champion Highway Safety program which features nationally known race drivers will be presented at KMHS April 12, 1972 by Bob Harkey a competitor in the famed Indy 500 mile Race.

Arrangements for Mr. Harkey's appearance here were made by Bridges Auto Parts.

In commenting on the program, Mr. Harkey said, "On the race track or the highway, attitude is the biggest factor in safe driving. By keeping a car in good operating condition, being mentally alert, and using common courtesy, all of which reflect the proper attitude, we could substantially reduce the annual traffic death toll."

Now in its 15th year, the program has been presented to over 14 million teenagers throughout the U.S.A. in over 7,000 high schools. It has brought numerous awards to its national sponsor, Champion Spark Plug Co. Among these are three National Safety Council Public Service Awards and the Alfred P. Sloan Jr. Award for outstanding service to highway safety. Other citations have come from U.S. Auto Club, Continental Casualty Co., and Public Relations Society of America.

Mr. Harkey of Indianapolis, Indiana, is one of the most versatile drivers in racing.
