POWER BELT POLYGLAS!

MILEAGE, TRACTION, STRENGTH, VALUE

Goodyear's lowest priced Polyglas tire. Built for positive performance & long mileage — priced with you in mind. That's why people choose it.

- Goodyear's Multi-directional "bar-bell" tread design gives you good steering stability, great forward and reverse traction, and excellent resistance to side slip.
- Bias-Belted Construction — Two plies of polyester cord and two fiberglass belts up through the H-78 sizes. Sizes J78-14, J78-15, L78-15 and 900-15 come with four plies of polyester cord and two fiberglass belts.
- Belts under the tread suppress tread squirm and maintain open groove traction effectiveness.
