## Burlington Distributes Vacation Pay

Vacation pay is being distributed among wage employees of Burlington Industries, Inc. during the summer vacation season. Charles A. McLendon, senior vice president of Burlington, said payments to Company employees coincide with manufacturing plant vacations. These payments, together with similar amounts paid before the holiday season last December, will total almost \$10 million for the Company's 1972 fiscal year. The Phenix Plant of Burlington Industries will close for vacation from July 31, 1972 through August 5, 1972. Burlington employees at plants in 12 states will share in the summer payments, Mr. McLendon said. Individual amounts are based on each employee's length of service. The payments are in addition to benefits provided by Burlington's profit sharing retirement plan for hourly-paid employees. In 1971, members of the Burlington plan had more than \$9 million credited to their accounts.

## Boheler Inducted

Steven Randall Boheler, a 1972 graduate of Kings Mountain High School, was recently inducted into the National Honor Society. Boheler was inducted in absentia at Kinston High School, Kinston, North Carolina where he attended the eleventh grade. He was not notified by Kinston High School officials and was unaware of his induction until May when he was advised by a friend from Kinston. Boheler is employed as a bricklayer by Dean Spears Masonry in Kings Mountain. He resides with his parents, Mr. and Mrs. Charles H. Boheler at 615 Floyd Street, Kings Mountain, North Carolina. A student must have a 90 average and be recommended by the faculty of his high school to be eligible for membership in the National Honor Society.

Mrs. Sabetti and their son, Tony, age 13, will accompany Mr. Sabetti to Miami where they will stay at the Play Boy Plaza Hotel, convention Headquarters.

# City Considering Flat Rate For Electrically Heated Homes

By RODNEY DODSON  
Editor, The Mirror

Mayor John Moss announced yesterday the appointment of a committee to study and evaluate a flat monthly billing rate for home owners using electric heat. This would equalize monthly electrical bills for home owners using electric heat, based on past records, and provide the 12th month of the year for making adjustments. Mayor Moss expressed hope that the committee's report will be final by July. On the committee are Commissioner Ray Cline, City Clerk Joe McDaniel, Commissioner Jonas Bridges, and Mayor John Moss. In making the announcement, Moss stated, "In view of the increasing number of electrically heated homes, we felt a flat-rate billing would be advantageous for home-owners and the city, eliminating peaking months during the winter. Especially with the limited supply of gas available and the prospect for additional gas quotas non-existent, it is in the best interest of all citizens for the city to consider the advisability of a flat rate for electrically heated homes at this time."

The mayor cited a recent high increase in the number of new homes in the city utilizing electric heating systems, including homes in Northwoods, Ashbrook Park, Pine Manor, and some in Southwood.

## Bond Issue Is Subject Of School Board Meet

The regular session of the Kings Mountain City Board of Education was rescheduled from Monday evening to meet at noon Wednesday to discuss plans for a bond referendum for the construction of a new Junior High School to house 8th and 9th grades.

According to Donald Jones, Superintendent, plans are for an attorney and archi-

tect to be present at the meeting, and pros and cons of a bond issue will be discussed. Jones indicated that it is also possible that a representative from the Division of School House Planning, which was involved in the planning of the high school, may be present to answer questions. The meeting is scheduled for 12-noon at the Royal Villa Motor Inn.

# Expanded Health Clinic Has Open House

Open house was held Friday from 1-2 p.m. at the new expanded public health facilities at the Kings Mountain Community Center. Onhand for the occasion were public health nurses, County Health Director Rich-

ard Steeves, Mayor John Henry Moss, and Roy Pearson, Community Center Director. Mrs. Cecil Webb, head nurse at the Kings Mountain clinic explained that there had previously been a lack of space and privacy

at the clinic which was operating out of a 20 X 20 foot room in the Community Facilities Building on Fridays from 9-11 a.m. Mrs. Webb and Steeves had appeared before the city board of commissioners on January 10th to cite this lack of space, and after hearing the health department's recommendations, the board authorized Mayor Moss to work with the group and expedite an expansion program. Much of the money for the expansion project which now gives the clinic an interview room, well baby room, planned parent-hood room, and general clinic was raised by local civic clubs. Mrs. Webb said Friday that the expanded clinic will be "a great help to the Kings Mountain people, and better working conditions for clinicians."

## Community Center Plans Activities

On July 2, 1972 a church wide service will be held at 7:30 p.m. on the recreation field adjoining the Community Center on Cleveland Ave. It will be sponsored by the Recreation Department in cooperation with our local ministers.

Ceremonies will be held on July 3, 1972 beginning at 4:00 p.m. on the softball field adjoining the Community. Country-Western music will be featured. The ceremony will begin at 4:45 with special music and guests speakers.

A teen-age dance will be held the same day from 7 - 11 p.m. Tickets are \$2.00 at the door. Field day is July 4, 1972. Special activities for all ages and groups will be held and all citizens are urged to come out
