

Pats Host Holbrook Today

Central Junior High and the Kings Mountain High freshmen return to basketball warfare today at 4 p.m. when they host Lowell Holbrook in the Central gym. Both clubs are 2-1, having won two straight contests following opening season defeats. In an earlier doubleheader at Holbrook, Central copped a

28-25 decision and the freshmen won 47-38. Kenny Bell, Vernon Bell, Rick Hinnant, Bruce Valentine, Jacque Jackson, and others, pace the Central attack. The Patriots have never

had a losing season under Coach Porter Griggs. Mark Mercier, Leonard Roberts, Eddie Ingram, and others, have sparked the freshmen this year under new coach Ed. Guy.

The two local clubs travel to Shelby Monday and play at Grier in Gastonia next Thursday before returning home for double headers against Lincolnton and Ashley.

Big Four Competition Is Tough

(From P. 1B) important games this weekend in the same time period." The Wolfpack hosts Clemson Saturday at noon and Maryland Sunday at noon. Sloan and freshman Wayne "Tree" Rollins has made the Tigers a "completely different team" and described the second-ranked Terps as "awesome." Three of the five members of the All-

Tournament team hail from North Carolina, further proving that some of the best basketball in the land is played in the Tar Heel State. All-Tourney selections included Byers, Thompson, Burleson, Darrell Elston of UNC and Bob Fleischer of Duke. Burleson finished as the leading scorer and tied Fleischer for the most rebounds.

Lambeth Closes KM Operation

The Lambeth Rope Co., located on Phifer Rd. ceased operations Dec. 29, 1973 according to plant manager Fred Finger, Jr.

Finger, who resides at 908 Sherwood Lane in the city, said the closing was for "a number of reasons." He said, "principally, market reasons and internal affairs prompted the closing of the company." The Kings Mountain operation was for the production of narrow tape. Finger said the tape had various industrial uses.

The manager reported the Kings Mountain end of Lambeth had been in operation some 23 years and employed 35 local residents. "We aided the employees in finding new jobs", Finger said.

Finger added the Lambeth Rope Co. in New Bedford, Mass., concerned with the rope manufacturing, will now expand to concentrate more on rope. He said Lambeth will be getting out of the tape end altogether.

As of present, Finger said he was unsure as to what plans he has for the future. He is currently involved in the selling of the machinery and building and said he would "just have to see what the future has in store."
